

NEW DEALERSHIP ANNOUNCEMENT:

THE GUNTERT MILLER ALLIANCE PARTNERS WITH SIMEHISA IN MEXICO

Ripon, California U.S.A. February 19, 2020– The Guntert Miller Alliance is gladly announcing a new partnership with Simehisa De Occidente SA. De CV. As an authorized dealer of the Alliance in Mexico Simehisa will be engaged in the sales of the concrete slipform paving equipment, canal equipment, bucket wheel, and trapezoidal trenchers, as well as provide full aftermarket sales support in the country.

Both Guntert & Zimmerman (G&Z) and Miller Formless (MFS) are strong names in the concrete paving industry. G&Z's productive, cost-effective and reliable concrete slipform paving equipment and trenchers made it the most trusted and respected name in the global market for over 75 years. MFS machines are durable, dependable and provide a user-friendly operating system for the user.

Simehisa's addition in the global Guntert Miller Alliance "family" is a new chapter in the history of the company. Simehisa was established in 1996 for the specific purpose at that time to introduce innovative road construction equipment and techniques to Mexico. The company has a very stable workforce, with many members having a lifelong experience in road construction. Over a period now spanning 24 years, Simehisa has achieved an excellent reputation as a high-quality service provider to the Mexican contractors through an extensive network and experience.

According to the General Manager of Simehisa Ramon Guzman, a well-connected, heavily supported, and up to date infrastructure is critical for the success of every nation. The growing motoring public of Mexico deserves better highways. "The Mexican government has taken significant steps to make the country more compatible for its citizens and foreign investment. We are not indifferent to these reforms and gladly participate in the development of the road infrastructure of Mexico. Simehisa's partnership with the Alliance will serve the country's future and road infrastructure well".

"Reliability and performance provide a competitive advantage to any contractor in the road construction industry. Mexico is a very interesting market for us. Highway projects are the highlight in the first of three stages under Mexico's 2019-24 national infrastructure program and the Guntert Miller Alliance is glad to enter the market as Simehisa's partner." says Steven Bowman, the regional manager of the Alliance for Latin America.

The Guntert Miller Alliance welcomes Simehisa on board and wishes great success and mutually beneficial cooperation ahead.
