

**ANNOUNCEMENT:**

**G&Z EXTENDS ITS COOPERATION WITH  
EQUIVIAL IN BOLIVIA**

**Ripon, California U.S.A. July 8, 2021** – G&Z continues with Equival in Bolivia which is responsible for the sales and service of G&Z's concrete slipform paving equipment.

Equival is specialized in construction equipment market of Bolivia representing global manufacturers in the country. With main focus in asphalt, aggregates and concrete industry products, the company supplies high quality equipment to the contractors. "We proudly represent world known companies like TEREX, BOMAG MARINI, McNeilus, Roadtec knowing that the Bolivian contractors need quality products to deliver long lasting services to our people. Bolivia's road network needs to be improved by increasing the number of paved roads and repairing existing roadways using the best available technology. We have been cooperating with G&Z for over a year now and we are excited with the renewal of our contract", says General Manager of Equival Diego Moreno.

"Latin America in general has a great potential, housing more construction equipment than any other region in the world. Bolivia is a very important market for us; thus we are glad that our cooperation with Equival proved to be very reliable. We are excited to continue with the company led by Diego Moreno and looking forward to many mutually beneficial deals." added Jan Scholl, COO of G&Z.

Both companies are ready to meet the infrastructure challenges of Bolivia with the best technology and trustworthy relationship.
